

Developing Public Private Partnerships with Private Security

The Greater Kansas City ASIS International Chapter is pleased to announce an educational session aimed at partnering with local law enforcement agencies in developing their knowledge of implementing sound security strategies. Local security professionals from several disciplines will introduce participants to a multitude of private security principles and practices. The information will aid local officials in assisting their constituents in developing economically sound security strategies for both home and work.

December 7, 2021

8:00AM to 5:00PM

**Overland Park Police
8500 Antioch, Overland Park, KS**

ASIS International is the largest organization for security professionals, with more than 35,000 members worldwide. Founded in 1955, ASIS is dedicated to increasing the effectiveness and productivity of security professionals by developing educational programs and materials that address broad security interests. ASIS members represent virtually every industry in the public and private sectors, and organizations of all sizes.

Instructors

Michael Betten, MS, CPP

Mr. Betten retired following 25 year career in law enforcement. He is currently Regional Vice President for ASIS International. Mr. Betten is the director of security at the Stowers Institute for Medical Research where he manages 14 security officers, oversees the electronic access control and video surveillance systems.

Kyle Reinoehl, CPP, PSP, PCI

Mr. Reinoehl is the Midwest Area Manager for Axis Communications, a leader in IP video surveillance systems. Mr. Reinoehl's knowledge in video surveillance systems is vast. He is in elite company as Kyle is one of very few security professionals that holds all 3 of ASIS International's security certifications.

Robert J. Hope, CPP

Mr. Hope has served as a corporate security consultant to the critical infrastructure and private industries for over 20 years. Robert has travelled internationally leading a team of security professionals in conducting risk and vulnerability assessments, drafting security master plans and preparing budget justifications for governing boards. Mr. Hope is currently the director of security for Burns McDonnell Engineering.

Jared C. Oakden, PSP

Mr. Oakden is currently the regional security manager for American Family Insurance. Jared holds a Physical Security Professional (PSP) certification from ASIS International and has a master's degree in Global Affairs with an emphasis in Global Security.
